

GemSeal® CRACK-FLEX® PRO-S

GemSeal® CRACK-FLEX® PRO-S is a hot-applied joint and crack sealing compound formulated with selected asphaltic resins, synthetic polymeric rubber, plasticizers, stabilizers, and organic reinforcing fillers. This construction-grade material is a one-part sealant that provides excellent results under extremely varying conditions. It is perfect for use in applications that are susceptible to pedestrian foot traffic and vehicle power steering. Excellent choice for all climates.

- Construction-grade joint and crack sealing compound for concrete and asphaltic pavements.
- Economical and effective preventative maintenance treatment.
- Prolongs the pavement service life.
- Seals cracks and joints from water penetration.
- High-temperature conditions.
- Fast melt, easy pour, fast set.
- Passes multiple freeze and thaw cycles.

GemSeal® CRACK-FLEX® PRO

GemSeal® CRACK-FLEX® PRO is a hot-applied joint and crack sealant formulated with selected asphaltic resins, synthetic polymeric rubber, plasticizers, stabilizers, and a blend of organic and inorganic reinforcing fillers. This economical material is a one-part sealant that provides excellent results. GemSeal CRACK-FLEX PRO is designed specifically for today's asphalt and concrete pavements.

- Cost effective preventative treatment.
- Formulated for both city streets and highways.
- Seals cracks and joints from water penetration.
- Prolongs service life.
- Meets FAA specification P605.
- Meets ASTM D6690 Type 1 and 2

APPLICATIONS:

GemSeal CRACK-FLEX PRO is recommended for sealing of joints and cracks in asphaltic and concrete pavements. It is designed for use in sealing expansion and contraction joints as well as random cracks. Designed for use in oil jacketed equipment.

GemSeal manufactures, supplies, and specifies pavement preservation products nationwide including sealers and additives, lot marking paints, crack sealants, pothole patches, primers, tools, and equipment. For over 60 years, we have been defined by our products, value, delivery, and customer support. We guarantee exacting quality control and consistent results on every jobsite nationwide.
